- 13:00-13:30 Discussion

Attendance fee €100

Dear Colleagues,

It is a great pleasure and honour for the Board of Trustees of the Greek Orthodontic Society to cordially invite you to attend an international congress, organised jointly with the Cyprus Orthodontic Society, which will take place during the period of October 26-27, 2012, at the Le Meridien Spa & Resort, Limassol, Cyprus.

Following a great tradition of previous congresses and symposia organized in the past, the Greek Orthodontic Society, which celebrates its 50th anniversary in 2013, prepared in cooperation with the Cyprus Orthodontic Society a very exciting scientific program including important orthodontic topics to be presented by four expert speakers.

Furthermore, this jointly organised congress demonstrates the longitudinal and exceptional bilateral relations following the twinning between the Greek Orthodontic Society and the Cyprus Orthodontic Society back in 1999.

All persons involved in the organisation of the congress believe that the high level of lectures planned will significantly enrich the orthodontic knowledge of the participants and that the success of this event will stimulate and encourage both societies to an even stronger cooperation in the future.

I look forward to meeting you in Limassol.

Sincerely,

Dr. Panagiotis Skoularikis
President - Greek Orthodontic Society

Dear Friends and Colleagues,

It is my distinct honor and pleasure to invite you to the **Annual International Orthodontic Congress** to be held in Limassol, Cyprus, on the 26-27th of October 2012. We are very proud and delighted about this event, since it is the first international congress jointly organized by the Greek and Cyprus Orthodontic Societies in Cyprus.

The south coast town of Limassol is the island's largest seaside resort located among the ancient cities of Amathunta and Kourion. Acting as a magnificent backdrop to the city that spreads for ten miles along the coast are the Troodos Mountains, in whose fertile foothills most of the country's grapes are grown. Its grounds house the Medieval Museum of Cyprus with interesting pottery and tombstones amongst its numerous exhibits. Limassol also has an Archaeological Museum, with fascinating statues and pottery finds, a municipal Art gallery as well as a Folk Art Museum.

Our distinguished speakers, Domingo Martin from Spain, Monica Palmer from Germany, Moschos Papadopoulos from Greece and Myron Lieberman from Israel underline the success of the congress.

On behalf of the organizing committee I invite you to this rare opportunity, which combines both professional as well as cultural and leisure activities that will make your stay in Limassol memorable for many years to come!

Dr. Yiannos Chatziprokopis
President - Cyprus Orthodontic Society
